

## Briefly

## College festival

Students from as many as 18 educational institutions of Delhi-NCR participated in competitions at Elaan, a three-day inter-college festival, which ended at Apeejay Stya University (ASU) Campus, Sohna, recently.

While the first day focused only on sports, the second day was all about drones and cloud computing.

There were 22 different segments where over 100 students exhibited their technology prowess in robotics, coding and cloud computing.

The final day, dedicated to art and culture, witnessed fashions show, singing and dancing competitions and an art exhibition.
